

Career opportunities in Asia Wealth

[Text on screen:] The future of wealth is here and now

The future of wealth is Asia

Asia is home to a third of the world's high net worth individuals

By 2025, their wealth is set to double

Asia is a consumer powerhouse

By 2030, two-thirds of the world's middle class will be from the region

Asia is set to become the largest creator of wealth worldwide

By 2021, its share of global private financial wealth will eclipse North America

But this is a story about more than just money

A story about prosperity

A story about people

A story about hopes, dreams and ambitions

A story about protecting the future

About people with broader horizons than ever

Asia's wealthy are traveling more

Asia's wealthy are studying across borders

Asia's wealthy are embracing new experiences

Asia's wealthy are more digitally savvy

Asia's wealthy are investing in homes

Asia's wealthy are investing in businesses

Asia's wealthy are investing in growth

The future of wealth is in Asia

But this is a story of global impact

And a bank with a rich Asian heritage and international reach

Be part of this once-in-a-lifetime, multi-trillion-dollar opportunity
